

Decision.

- **Better if you choose! - Insisted man.**

- **Should I? - Whispered woman.**

- **It's more than necessary. - Said man.**

She felt like all eyes were on her. She didn't seek such attention.

- **It will be not fair for others. - Said woman.**

- **It's only about your opinion. - Reminded man.**

Woman closed eyes and inhaled deeply, it didn't help.

- **And what is the answer? - Demanded man.**

- I will try everything. - Said woman and looked at her reflection at the window of confectionery shop.

- You won't regret. It's usual decision for first time. - Smiled man and started to put different cookies in the box.
