Change colour.

Idea 19.07.2017

written 24.07.2017

At hot summer day Zebra and Giraffe walked under palms.

- Another hot day. - Slowly said Giraffe.
- Since I am here, wasn't changes. - Agreed Zebra.
- What could be changed?
- Nothing. We are the same – day after day. - Said Giraffe.

On palm jumped Monkey.

- Giraffe! Zebra! Another hot day. - Greeted Monkey.

- Monkey, it will change nothing. - Zebra knew, that Monkey will understand nothing.

- What should change? - Asked Monkey.

- Weather. - Began Giraffe.

- Hot sun. - Continued Zebra.

- Such changes aren't in your power. - Reminded Monkey.

- We know.

- But you can change yourself. - Proposed Monkey.

- How? - Asked Giraffe.

- Do you have a plan? - Asked Zebra.

- I have an idea. - Answered Monkey.

- Which? - Giraffe was interested.

- You could change your colour and everything around you will be different. - Monkey was sure in what said.

- It's stupid idea. - Zebra didn't like it.

- It's good idea. - Was interested Giraffe.

- No. - Insisted Zebra.

- You could try. - Proposed Monkey.

Zebra became grey silhouette of itself and Giraffe brown.

- What do you think Monkey? - Asked Giraffe.
- You are not recognizable. - Answered Monkey.
- Do you think so? - Asked Zebra.
- Giraffe, is it you in grey colour? - Asked Monkey.
- No, it's me, Zebra.
- What do you want from Monkey? - Asked Giraffe.
- Advices as long as I remember. - Answered Monkey.
- What do you think? - Giraffe was serious.
- You should try other colours. - Without joke answered Monkey.

- Giraffe was in beige fur and Zebra in tiger's colours.
- What do you think Monkey? - Asked Giraffe.
 - Not enough recognizable. Too pale. - Was honest Monkey.
 - What about me?- Was curious Zebra.
 - Too much.
 - Monkey, but tiger is strong, fast, scary. - Explained Zebra.

4 Change colour by Kate Aksonova www.aksioma.lviv.ua

- What common it has with you? - Smiled Monkey.
- We try one more. - Insisted Zebra.
- As many times as you wish. - Assured Monkey.

This time Giraffe chose colours of snake and Zebra made her strips more colourful.

- What do you think? - Asked Zebra.
- Zebra in strips, most unusual idea. I even couldn't think about it. - Monkey is smiling.
- New it's recognizable old, but new. - Explained Zebra.
- I knew this from first glance. - Agreed Monkey.
- Am I scary? - Asked Giraffe.
- All giants snakes are scary. And giant snake with four legs is more that scary.
- Come on, we will change one more time. - Said Zebra.
- Don't hurry, I have no idea what to do either. - Said Monkey.

It was evening already, when Giraffe choose blue polka dots and Zebra prefer leopard's colours.

- What do you think, Monkey? - Asked Zebra.

5 Change colour by Kate Aksonova www.aksioma.lviv.ua

- I am glad that you asked. No and no.

- Why? - Asked Giraffe.

- I don't know. This changes just didn't work with you. - Monkey was tired and wanted to sleep.

- It was your idea. - Reminded Giraffe.

- Yes. - Agreed Zebra.

- I don't deny. - Answered Monkey.

- Maybe you have your own ideas? - Asked Zebra.

- Yes, I have. - Smiled Monkey.

Zebra and Giraffe again were in usual colours.

- What do you think? - Asked Monkey.

- Why not? - Zebra was happy that returned own colour.

- Now it's recognizable old, but old. - Said Giraffe.

- Such way you look much better. - Said Monkey.

- Are you sure? - Asked Zebra.

- Monkey always sure in own decisions.

The End.
