I want to talk to you without words.
Just eyes to eyes, without letters.
I want to choose a quiet breath of hearts.
Just silence and tranquillity, without language.

203

*

Like leaves from the trees
My dreams and hopes became yellow.
Playful wind will catch them.
Even as rustle under feet, they are still here.
31.10.2015

202

*

Where did I do wrong?
When I choose not right?
Why I still alone?
I have only flame,
without twin.

Why believe in soul mate?
To be yourself, to stop pretend.
Why believe in day and night?
They will come in proper time.
Why wait for soul mate?
To live in whole in good and bad.
To know that you are heard and to listen.
To wait for next day and next action.

Sometimes I want to have a box for wishes
The one, which never came true.
Dream and hopes which lost in life, were dear to me.
No, I can't do it, they are forget for now.
I need big box for wishes which only will come true.
Few people will call it to do list for angels.

*

Do I believe in muse?
Yes and often,
when ideas came from nowhere in their glory.
Do I wait for muse?
No and never,
I am always ready with a pen and paper.
Do I hear voice of muse?
Yes as whisper in quiet night
or
in pauses in work of electric drill.

198

*

To be strong, to be successful, to be flawless
To be part of someone else dream and vision of life.
To be unbeatable, to be purposeful, to be prosperous
And if you have spare time or force - be yourself.
24.10.2015

*

They said loneliness make emptiness in your heart.
It's not worth to listen.
Disappointment, anger, despair made holes in your heart.
Loneliness make thin shield for love in your heart.
It's fragile and could be destroyed just with one gentle touch.
It's brittle and can't protect love from one wrong word.
And with broken heart you won't be empty inside
Shards of love will fulfil you.
24.10.2015

196

*

If it is important it will hurt.
If it is valuable it will bring competition.
If it is enjoyable it will attract distractors.
If it is yours it will not be in stranger's hands.
24.10.2015

195

*

I saw you in my dreams
Not distinct image which I could recognize
Just feeling of safeness and right.
I know it was dream about you.
24.10.2015

194

*

I don't know where are you.
I only could hope that you exist in the same time as I.
I wait for our first meeting, when our roads will cross
I try not to be gullible, but are you exist?
24.10.2015

193

*

Daily I try to find right words.
Weekly I add new trouvaille to my vocabulary.
I spend hundred hours on it.

What for, if one kiss will explain everything?
24.10.2015

192
*

I have inside my heart secret.
I have inside my heart knowledge.

18.10.2015

191
*

I want you to be near me when my tears are on cheeks.
I want you to be near me when I want to show you something fun.
I want you to be near me at day and in night.
I want you to be near me.
18.10.2015

190
*

Someday you will find me
Or I stop to wait
and find you first.
It won't be important in which order.
Important will be only that we are together.
18.10.2015

189
*

Waiting for day when I meet you
It's like wait for Christmas or own birthday.
You expect something special, you make plans.
In contrast to you, Christmas and birthday are yearly.
18.10.2015

188

Perfect Divine love?
Longing for soul mate?
What do I need?
Shoulder to cry, hand for support.
9.10.2015

187

*

Sacred duo, searching for another half
It helps in sleepless night
It helps in rainy day.
You just need eyes which see your soul.
9.10.2015

186

If I know address where to find your
I will wrote a long letter.
If I know phone number how to reach you

If I know at least who are you
I won't be clueless, like now.
9.10.2015

*

I feel your presence in the wind
I hear your voice in the water
I catch your smell in empty room
I just can't find your face inside of crowd.
9.10.2015

184

*

We didn't met jet, but we are connected.
In letters of the name which you whisper at night.
In sight of sadness that we are not together.
We are connected,
just make a step and make it truth.
9.10.2015

183

*

Dancing light of love or it's just the tune.
Awakening each morning to knew that it will be this day.
Smiling to the clouds, hope you will wait for me.
Dancing hand in hand, when fate will connect us.
9.10.2015

182

*

All days which we live apart taught us to be together.
All nights which we were lonely give us strength to wait.
All people which we met gave us their sparkle to light the way.
Who will show us how to recognize each other?
9.10.2015

181

*

You will come from nowhere

Full day long be together, like reward
Smile, talk, forget about previous problems
Stupid happiness of daily life
I am jealous to people who are around you.
I am not among them.
Do you care?
3.10.2015

177

*

You miss me like I miss you

You miss me day and night.
You miss me like a wind miss candle.

I am thinking of you when you are sad
I am smiling to you when you wait it
I am dreaming of you when I need it
I am walking to you step by step.
3.10.2015

175
*

Love will break your heart
Usual story from cold people.
Love will destroy your life
Refrain from one who never see the sky.
Love will make you stronger
Whispers angel in the ear.
3.10.2015

174
*

I miss talking with you,
when we didn't say a word.
I miss your hands which hug me,
because I don't know how it feels.
I miss your kiss,
my lips hope it like a wind kiss.
I miss you because I know -
today you again walk on another street.
3.10.2015

173
*

Shadows of love are everywhere
Make one more step and you'll reach.
Shadows of trust covered by lie
Make one more step and truth win.
Shadows of love dancing with dreams
Make one more step and find your love.
Shadows of dreams like fog in the morning

Open your eyes and find new way.
1.10.2015

172
*

I didn't meet you yet
I didn't know how you breath at night
I have no idea - why you
But I miss you like no one on the Earth.
26.09.2015

171
*

I should be close to you
I hoped it will be that way
Yesterday, today, tomorrow.
I wish you feel the same
Draught from side
where I supposed to be.
26.09.2015

170
*

You feel safe, you feel loved
You feel cared and your wings straightened.
It's my thoughts, my breath
give you power to fly in the sky.
Fly high, you could notice me
And came to place where you belong.
26.09.2015

169
*

You are in my heart
Like you are in my dreams.
You are in my soul
My smile and my tears
Only at day I notice
emptiness, you didn't come yet.
26.09.2015

168
*

Feel fine, feel warm, feel safe.
You know all emotions, they are with you.
To know what is great, heat, sheltered
You had at first to meet me.
26.09.2015

167
*

I believe in soul mate
Like I believe in fog in the morning.
I believe that love you
Like I believe that don't know you.
I believe that we will met
Like I believe in twilight before night
I believe that all was worth it
Like I believe that you search for me.
26.09.2015

166
*

It happens, day when all went wrong.
Rain in the middle of the walk,
Wind which doesn't give a chance to umbrella.
Tears which run by the cheeks
Mascara which leaves drops of sadness.
Day when all went wrong
And you was far away
You didn't know how it was.
I hope your day was better,
My dear second part of heart.
26.09.2015

In cold morning frost there is
first breeze of winter.
In warm sunny days there are
last kisses of summer.
21.09.2015

164
*

Air is clear, smell of autumn is everywhere

Warm days are part of past
Strong wind and heavy rain are busy
They clean colours which left after summer.
21.09.2015

163
*

Leaves changed colours from green
to red, yellow, brown.
Leaves are our memories of warm summer
which became part of autumn dirt.
21.09.2015

162
*

Patchwork carpet on the ground,
Bright spots on the trees
Sun gives us last warm days
To remember during long winter.
21.09.2015

Leaves drop without stop.
Rain plays with them on streets.
Multicoloured flotilla tries to find
way to the big water,
without result.
21.09.2015

160
*

Year after year, we all are sad in autumn
we are afraid of not life,
falling of leaves still scared all.
Why still we think that have to be in mourning?
When nature just changing one attire to another.
16.09.2015

159
*

Morning bird songs became croaks of raven

Withered flowers covered with fallen leaves.
Autumn is not end of life, it's recreation
Tranquillity before new beginning.
16.09.2015

158
*

Melancholy of autumn is best for writing poetry
Summer days are too sunny, too joyful and full of life
Autumn gives time for thinking, time for sadness
We need autumn like cry with submission of problems.
16.09.2015

157
*

Blossom of leaves in autumn
Are as beautiful as flowers.
It's curtain call of nature
Before white winter.

Sadness in autumn, usual feeling.
Sadness for summer with warm full days.
Sadness for attempts which didn't complete.
Happiness in harvesting after hard work.
16.09.2015

155
*

I wanted to write an ode to autumn
I dreamed to write about all colourful leaves.
I planned to find new words to describe what I feel.
Rusting leaves became quiet after the rain.
My poems suddenly loose all crispy taste
And became just varicoloured mud under my shoes.
9.09.2015

154
*

Shamefacedly flowers withered,
They didn't appreciated new season.

Colours of shades of fire,
Now they are everywhere
won over the summer days.
Nature gives us new view
Every time like at first time.
For never boring, for ever longing.
9.09.2015

153

What is the colour of autumn?
Is it yellow, red or brown.
What is sound of autumn?

Quietly leaves falling to the ground.
On tiptoe comes cold nights.
All summer we were afraid of that colours.
And now just charmed with shadows of life.
9.09.2015

149
*

Of course, I don't believe in your weakness.
Only cowardliness and self pity can create you.
You are not weak you are unstable
Like leaf which hold to branch
and will destroyed by the wind.
9.09.2015

148
*

Where from you have your strength?
I haven't strength,
I have roots and branches.
I watch nature and find a way to survive.
Did you ever believe that tree cries about previous year leaves?
9.09.2015

147

Autumn gives us colours which are always nice
Autumn gives us sky which is perfectly blue
Autumn gives us rains which helps to feel again
Autumn gives us hope that all will pass,
like this leaves.
9.09.2015

To find a key which will unlock that door.

He put his head on the cold metal of lock...
And with a sound of relief
unlocked door opened to him.
