- Somehow. - Promised man.

- I can't get if now is better or worse? - Said woman.

- Better if you think it's not worse. - Answered man.

- Then better.

- It sounded most confident, really.

- I am proud of myself. - Said woman.

- You should to. - Man put coffee cup on the table and looked at the window, was too early to phone her, she should be asleep by now.

Woman not opening her eyes touched empty pillow on her bad.

- I know. - Nodded man on the other part of the world. - This little talks helps.
