

Quarrel.

“...Yes, I am still angry. You think it’s complicated? All your ex... You didn’t explain, I also haven’t wish to talk about it.

...Yes, I am emotional, yes stressed. That’s not the reason that you should suffer. You need to give me reason to feel joy daily. I need to understand it?

...Yes, I still want to be with you, we don’t discuss this. I didn’t find reasons to quarrel. I just want to make clear few moments.

...Yes, I could change my mind. Yes, it’s not such important. Yes, it’s just awful weather. I am fine, thanks for your patience.”

Woman smiled and turned foto again such way that she could see his face.
